

InnovaSafe Gets Ready for Year 16!

December 9, 2016 - (Valencia, CA, USA) InnovaSafe Technology Escrow Services, a Veteran owned business, proudly announces the start of its 16th year in business. InnovaSafe is one of the nation's largest providers of software and technology escrow services. The company continues to enjoy solid sales growth year after year as it has since its beginning in 2001.

"We continue to provide our Clients with the advice, benefits and services they need at a cost effective annual fee," said John Stulman, InnovaSafe founder and CEO. "Our continued success is a result of providing all of our clients, small as well as our enterprise and government clients, a level of service that they don't receive from other service providers in our industry," said Stulman.

"Our footprint of service offerings has only grown larger since 2009 and we continue to serve clients around the globe in every sector," concludes Stulman.
